Subject: Re: Daily JIC Call Information

I guess the group needs to decide if they need a daily call.

Although the structure (JIC) is closed. This group should remain in close Joint Information System (JIS) mode. This doesn't have to be daily, although it may be helpful for another week or so, but we should all be able to reach out as needed (by email, text or impromptu conference call) depending on current recovery needs.

Again, this is lead by local jurisdiction needs. I am happy to support as you need.

Micki
